Racers and race officials should also be aware of the Guide to the Rules of Ski Racing available on <http://www.britski.org/racingguide07.pdf>

The Jury has the right to refuse a racer starting if the racer does not appear on time in the start. The Start Referee will be instructed to work to FIS613.6. Start Licences may be checked. TDs have been instructed to apply the unsportsmanlike behaviour rule to any competitor using bad language.

Competitors are reminded of the regulations requiring the use of protective 'bungs' or caps on ski pole tips, and those governing the limits on ski/binding height. These regulations are liable to be enforced during this event.

Gloves and long sleeved garments which also cover the midriff must be worn at all times whilst on the slope, including during open practice, course inspection and the race itself.

All competitors MUST wear a properly fitted and approved safety helmet on the slope throughout the event; this includes practice session, course inspection, fore runners, and the race itself. Helmets should be compliant with standard BS EN 1077:1996 Specification for helmets for alpine skiers).

It should be noted by all competitors that the use of 'Yellow 77' lubricant is not permitted at Norfolk Ski Club.

Race Format

The race will be run to the following format:

The first run will be held in reverse bib order. The second and final run will be in reverse time order based on the time from the first run and both must be completed. Each run will be on a different course.

Course Inspection

The course must be inspected wearing skis (or properly leashed snowblades), and bibs must be worn **correctly** throughout course inspection so that the race number is clearly visible from **both** front and rear. No-racer is allowed to ski the course during inspection. Course inspection may start from any point on the course and racers must come to a complete stop between each gate when inspecting. The first 10 minutes of course inspection will be for females, the next 10 minutes will be for all racers, and the last 10 minutes for males.

Only Accredited Race Trainers/Coaches will be permitted to accompany their racers on the course during inspection.

Race trainers/coaches may accompany their racers provided they are qualified and carry the relevant accreditation issued by the race office on the day or prior to the race. No other people will be allowed to enter the race area. An Accreditation Form is available for download from <http://www.britski.org/Coaches2008.pdf> This must be completed and submitted to the Race Office prior to the end of open practice on the day of the race. Doping Control

Competitors should note that the Dope Control Unit may arrive unannounced at any event and will have the complete co-operation of the organisers of this race.

There have been a number of recent amendments to the Doping Control Regulations; these changes mainly affect two groups of competitors, those who suffer from asthma and taking asthma medication and those using insulin to treat insulin-dependent diabetes. The result of these new regulations is that any competitor using these drugs must obtain certification in writing from the doctor prescribing them or from the team physician. A form on which to obtain the appropriate certification is available from the SSE Head Office. This certificate must be completed in advance of competition and returned to the SSE Medical Advisor with a SAE for Acknowledgement of Notification to be returned to you.

All competitors should note that this notification is required annually.

Acceptance

Minutes of the first jury meeting on 26th April record that entries from 137 racers (53 females and 84 males) had been received by the closing date for entry. All entries were accepted subject to their seed points being 250 points or less on BARTS Seed List 2008.0

Any competitor that wishes to enter the Grand Prix must submit their entry by the cut-off date. Any competitor who fails to gain the required seed points from the CN race will receive a refund of the race entry fee.
